

Cookie Policy

1. This website uses cookies for the purpose of the service, in line with the Cookie Policy. The information registered in cookies is used, for example, for advertising and statistical purposes. It also helps customise the Website to User's individual preferences.
2. Apart from data included in cookies, the Website collects no other information automatically.
3. Cookies are used for the following purposes:
 - a. Adjusting the Website content to User's individual preferences and optimisation of the use of websites. Cookies enable the identification of Website User's device and the display of the website appropriately adapted to User's needs;
 - b. Creating statistics which help understand the way Website users use Web pages. This helps improve website structure and content;
 - c. Maintaining Website User's session (after logging on). Thanks to this, the User does not need to enter their login and password on each subsite;
 - d. Providing the User with advertising content tailored to their needs.
4. On this Website the following kinds of cookies are used:
 - a. Cookies which enable the use of services available within the Website;
 - b. Cookies which ensure security;
 - c. Cookies which enable the gathering of information on the way the Website is used;
 - d. Functional cookies which make it possible to remember settings
 - e. selected by the User, e.g. language, font size, etc.;
 - f. Ad-related cookies which allow for providing users with advertising content customised to their individual interests.
5. If you use the Website without changing browser settings for cookies, they will be saved on your device. You can change cookies preferences in your browser at any time. These settings can be changed in such a way that either automatic enabling of cookies is blocked in your browser settings or you are each time informed about cookies being saved on your device. Details of the options and ways of using cookies are available in software (browser) settings.
6. If cookies are disabled, this can affect some functionalities available on the Website.
7. Cookies saved on Website User's end device can then be used by advertisers and partners cooperating with the Website.
